

Greensmaster® 3050/3100 Accessories

Greensmaster 3050/3100

Both the Greensmaster 3050 and 3100 establish the legendary riding Greensmaster design for long term value, reliability and superior performance. To maximize your Greensmaster 3050 and 3100, Toro offers a wide variety of attachments and accessories to deliver the highest quality of cut on varying course conditions and mowing applications.

Greensmaster 3050 | 04351

- Lightweight, fuel efficient, riding greens mower with reduced simplified maintenance
- Manual cable steering

Greensmaster 3100 | 04356

- Lightweight, fuel efficient, riding greens mower with reduced simplified maintenance
- Industry standard, provides strong performance at low RPM's for the best long-term value in riding greens mowers
- Hydraulic power steering

Traction Unit Accessories

Greens Spiker Kit | 04494

- Aeration attachment
- Used to relieve soil compaction, control organic matter, and maintain turf health

Thatching Reel Kit | 04496

- Vertically cuts into turf to reduce thatch and control horizontal grass growth
- Contains tungsten carbide tip dynaBLADES with a durable tooth profile for extremely effective dethatching
- Tungsten carbide tip blades provide a cleaner cut, increase thatch removal, and increase life of blades

Greens Tri-Roller Kit | 04495

- Used to roll greens and smooth surface of turf for an improved after cut appearance

Greensmaster® 3050/3100 Accessories

Traction Unit Accessories (continued)

Regular dynaBLADES | 106-6392 (set of 108)

- Replacement tungsten carbide tip dynaBLADES for thatching reel kit
- 2 mm thick, tooth profile blades allow topdressing to penetrate into turf canopy
- Often used on higher growth conditions, such as tee boxes or aprons surrounding greens

Thin dynaBLADES | 106-5422

- Thinner tooth profile dynaBLADES for thatching reel kit
- Used for finer, more accurate dethatching on delicate greens

Light Kit | 105-3848

- Allows operator to mow in low light conditions

Thatching Reel Rear Roller Asm | 95-5943

- Replace rear support buggy wheels, used on heavily undulated greens
- Less depth penetration

Thatching Reel Rear Roller Scraper | 95-1600

- Scraper bar used to clear the thatching reel rear roller of grass clippings and debris

Armrest Kit | 30707

- Provides additional operator comfort

Backlap Kit | 92-9656

- Reverses the direction of the reel
- Sharpens reel blades and bedknife simultaneously
- Quick hose connect

Quiet Muffler Kit | 114-4640

- Softens engine noise
- Allows operators to mow during peak course hours without disturbing bystanders

Variable Traction Speed Kit | 04422

- Traction speed adjustment used to slow mow speed
- Often used to dethatch greens

Traction Tires | 231-127

- 4-Ply 18x8.5-8
- Tires with deeper tread for additional traction
- Use on hilly or wet terrain for off-greens applications

Greensmaster® 3050/3100 Accessories

Cutting Unit & Reel Options

8-Blade Cutting Unit | 04610

- Designed for mowing on higher heights of cut, such as approaches, fairways or tee boxes
- Heights of cut above 3/8" (9.5mm)

11-Blade Cutting Unit | 04611

- Designed for mowing on lower heights of cut
- Use on greens and tee boxes up to 3/8" (9.5mm)

14-Blade Reel | 115-5370

- Use for extremely fine greens mowing
- Best for use at heights of cut under .100" (2.5mm)

5-Blade Heavy-Duty Reel | 106-2626

- More robust reel for mowing on rough surfaces
- Used for heights of cut above 3/4" (19mm) on fairways and other off-greens applications

8-Blade Heavy-Duty Reel | 107-9522

- More robust reel for mowing rough surfaces
- Used for heights of cut above 3/8" (9.5mm) on fairways and other off-greens applications

Bedknife & Bedbar Options

Microcut Bedknife | 93-4262

- Height of cut range 1/16" – 3/16" (1.6 – 4.8mm)
- Thinner blades for the most precision and accuracy at lower heights of cut

Tournament Bedknife | 93-4263

- Height of cut range 1/8" – 1/2" (3.2 – 12.7mm)
- Recommended for heights of cut above 1/8" (3.2mm)

• **Standard equipment on 04610/04611**

Low Cut Bedknife | 93-4264

- Height of cut range 3/16" – 1.0" (4.8 – 25.4mm)
- Use for mowing greens, tees, or aprons surrounding greens

High Cut Bedknife | 94-6392

- Height of cut range 5/16" – 1.0" (7.9 – 25.4mm)
- Thicker blade for higher heights of cut, such as tees and aprons surrounding greens

Fairway Bedknife | 63-8600

- Height of cut range 3/8" – 1.0" (9.5 – 25.4mm)

Extended Microcut Bedknife | 108-4303

- Height of cut range 1/16" – 3/16" (1.6 – 4.8mm)
- Use in high stress conditions and on soft turf to prevent scalping
- Recommended for use with aggressive bedbar in case of scalping tendencies

Extended Tournament Bedknife | 108-4302

- Height of cut range 1/8" – 1/2" (3.2 – 12.7mm)
- Use in high stress conditions and on soft turf to prevent scalping
- Recommended for use with aggressive bedbar in case of scalping tendencies

EdgeMax™ Microcut Bedknife | 115-1880

- Height of cut range 1/16" – 3/16" (1.6 – 4.8mm)
- Tool steel bedknife for extended wear and increased edge retention

EdgeMax™ Tournament Bedknife | 115-1881

- Height of cut range 1/8" – 1/2" (3.2 – 12.7mm)
- Tool steel bedknife for extended wear and increased edge retention

EdgeMax™ Fairway Bedknife | 112-7475

- Height of cut range 3/8" – 1.0" (9.5 – 25.4mm)
- Tool steel bedknife for extended wear and increased edge retention
- 7-hole mount, fits all DPA cutting units

Aggressive Bedbar | 99-3794-03

- Designed for firm greens where a more efficient, aggressive cut is needed for more aggressive cultivars
- Not recommended for use in soft turf conditions or periods of high stress

High Height of Cut Kit | 106-4699

- Enables heights of cut up to .94" (23.8mm)

Greensmaster® 3050/3100 Accessories

Roller Options

Front Narrow Wiehle Roller | 04626 (set of 3)

- .200" (5mm) groove spacing, Aluminum
- 2" (5 cm) diameter
- Slightly more turf penetration than the full roller
- Use in normal greens mowing conditions

Front Wide Wiehle Roller | 04627 (set of 3)

- .93" (2.4 cm) groove spacing, Aluminum
- Highest penetration into turf
- Use for mowing higher heights of cut, e.g. fairways and approaches
- Use for areas which are infrequently cut, allowing longer grass blades to stand up before cutting

Front Full Roller | 04625 (set of 3)

- Steel
- Use on soft greens or high stress conditions to prevent thinning on clean-up cut

Solid Steel Roller Kit | 04628

(Front Wiehle & Rear Steel Rollers)

- Use on puffy fairways to control bobbing marks
- Adds weight to stabilize cutting unit over rough surfaces
- Kit includes one steel front Wiehle roller and one steel rear roller

Anti-Bobbing Roller | 04629

- Patented design with unprecedented results to reduce bobbing and reduce bobbing marks
- Use for off-greens, fairway, and aprons applications

Cast Iron Rear Wiehle Roller | 71-1550

- 2" (5 cm) diameter, Cast Iron
- Special greens application to maximize turf penetration
- May improve aftercut appearance in off-greens applications if clumping is a problem

Note: Used in greens applications, the Cast Iron Rear Wiehle Roller may leave grooved roller marks

Rear Roller Adjustment Kit | 114-4630

- Eccentric bolt used to precisely level rear roller

DPA Rear Roller Brush Adaptor Kit | 114-4631

- Used in combination with Anti-Bobbing Roller
- Check parts catalog manual, may not be required with newer models

DPA Rear Roller Extension Kit | 112-9294

- Moves rear roller back to reduce clipping build-up between the rear roller and bed bar
- Helps avoid clumping

Steel Rear Roller | 106-6945

- Replacement rear roller

Scraper Options

Narrow Wiehle Roller Scraper | 108-6468

Wide Wiehle Roller Scraper | 110-3961

Full Roller Scraper | 110-3962

- Narrow Wiehle, wide Wiehle, and full roller scrapers clear rollers of dirt, grass, and debris buildup that may impact height of cut

Narrow Wiehle Roller Scraper Brush | 110-3963

Wide Wiehle Roller Scraper Brush | 110-3464

Full Roller Scraper Brush | 110-3965

- Scraper brushes condition the surface of turf before cutting, while clearing rollers of dirt, grass, and debris buildup.

Narrow Wiehle Roller Scraper Comb | 110-3966

Wide Wiehle Roller Scraper Comb | 110-3967

Full Roller Scraper Comb | 110-3968

- Scraper combs condition the surface of turf before cutting, while clearing rollers of dirt, grass, and debris buildup.

Rear Roller Scraper | 04646 (set of 3)

- Requires adjustment to slightly touch turf for self cleaning
- Spring loaded, maintains contact with rear roller

Rear Roller Scraper | 112-9353

- Adjustable scraper that clear rollers of dirt, grass, and debris buildup that may impact height of cut

Adjustable Rear Roller Scraper Kit | 112-9353

- Adjustable scraper that clear rollers of dirt, grass, and debris buildup that may impact height of cut

Anti-Bobbing Roller Scraper Kit | 107-9561

- Requires adjustment to slightly touch turf for self cleaning
- Scraper bar that clears Anti-Bobbing roller used to reduce grass buildup, which can impact height of cut settings

Greensmaster® 3050/3100 Accessories

Groomer Options

Groomer | 04634 (replaces 04632)

- Maximum cutting height up to 3/4" (19mm), maximum grooming height up to 5/8" (16mm)
- Grooming range increased for fairway and other off-greens applications

Grooming Brush | 117-1500

(Replaces 112-9640)

- Less aggressive grooming option
- Conditions turf to stand grass blades up for a crisp, clean cut
- Use with 04634 or 04635

Rotating Rear Roller Brush | 04640

- Prevents grass clumping on turf
- Clears rear roller of grass buildup

Other Cutting Unit Options

Turf Evaluator | 04399

- Mirror device used to assess turf conditions

SHIM | 106-6923

- Used to level rear roller of cutting unit

Extended Grass Shield | 107-3503-01

- Longer grass shield used to improve grass collection on DPA cutting units
- Mainly used in very dry turf conditions
- Covers rear of cutting unit main frame to protect it from collecting pebbles

Note: DPA Cutting units on traction units F'03 and older require:

GR3050/3100

Lift Hook – 1 @ part # 105-5740

Screws – 2 @ part # 33115-025
