

TransPro Trailers

Toro TransPro™ trailers safely and easily transport walk greens mowers to and from the green. The unique design protects your investments and keeps adjustments in tact. The TransPro 80 accommodates a single Greensmaster with a Flat Ramp or Rail Ramp Kit. For additional time and productivity gains, transport two walk greens mowers (excluding the 1600) with the TransPro 100.

TransPro Trailers

TransPro 80 | 04238

- Safely transports a single greens mower
- Easily adjustable to fit all Greensmaster walk greens mowers

TransPro 100 | 04240

- Safely transports two mowers to save time and increase productivity
- Designed for 21" (53cm) mowers. Note: Conversion kits are available for transporting 18" (46cm) mowers

Flat Ramp Kit (TransPro 80) | 04245

- Recommended if you can't get close to the green
- Requires the use of transport wheels on the greensmower for loading and getting from the cart way to the green

High Rail Ramp Kit (TransPro 100) | 04246

- Recommended if you are able to get close to the green
- Small stationary wheels are mounted on the axle shafts for loading the mower on the trailer.

Rail Ramp Kit (TransPro 80) | 04244

- Recommended if you are able to get close to the green
- Small stationary wheels are mounted on the axle shafts for loading the mower on the trailer.
