

TORO

Count on it.

POWER CLEAR®

SINGLE-STAGE SNOWBLOWERS

Our most popular snowblower. Lightweight and easy to maneuver, this single-stage machine can cut up to a third of your snowthrowing time.*

**Compared to a comparably equipped two-stage unit.*

IDEAL FOR:

- ▶ Urban- and suburban-size driveways
- ▶ Concrete and asphalt surfaces
- ▶ Medium to heavy snowfalls

INNOVATIVE FEATURES:

- ▶ Quick Shoot Chute Control
- ▶ Power Propel Self-Propel
- ▶ Power Curve® Technology
- ▶ Choice of R*tek® 2-Cycle or Toro® 4-Cycle Engine

Guaranteed to Start (GTS) on the first or second pull for 2 years or Toro will fix it for free (select models).**

Serious results without serious work. These snowblowers are strong enough for serious snow, yet maneuverable enough for anyone to use.

FEATURES

POWER PROPEL SYSTEM

This system takes the work out of snowblowing. An innovative pivoting scraper keeps the rotor in constant contact with the pavement, making the job quicker and easier.

ZIP DEFLECTOR

Throw snow high, low or in-between. The deflector locks in to any angle in less than a second—with just a touch of your hand.

QUICK SHOOT CONTROL SYSTEM

You can change the chute direction without even slowing down. Just squeeze the trigger and slide the handle-mounted grip to throw snow exactly where you want it (select models only).

ELECTRIC START

Getting started has never been easier. Just plug it in, push a button and go (select models only).
