# 1

## Preparing the Machine

### No Parts Required

### Procedure

1. Park the machine on a level surface.
2. Disengage the blade-control switch.
3. Move the motion-control levers outward to the NEUTRAL-LOCK position to engage the parking brake.
4. Shut off the engine and remove the key.

# 2

## Removing the Existing Seat Assembly

No Parts Required

### Procedure

1. Tilt the seat up as shown in [Figure 1](#).
2. Unhook the tilt cable from the seat pan ([Figure 1](#)).

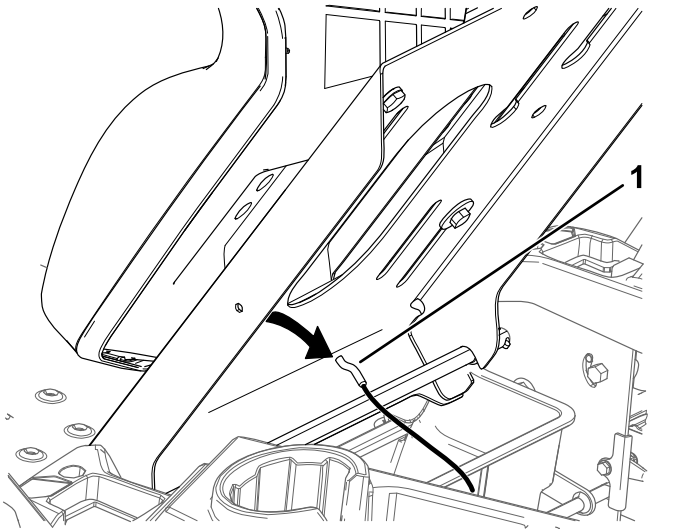

Figure 1

## Installing the Deluxe Seat Kit

### Parts needed for this procedure:

1	Seat back
2	Bolt (5/16 x 1-1/2 inches)
2	Nut (5/16 inch)
1	Seat-base assembly

### Procedure

1. Secure the seat-base assembly onto the pivot rod with the 2 bolts previously removed (Figure 5).

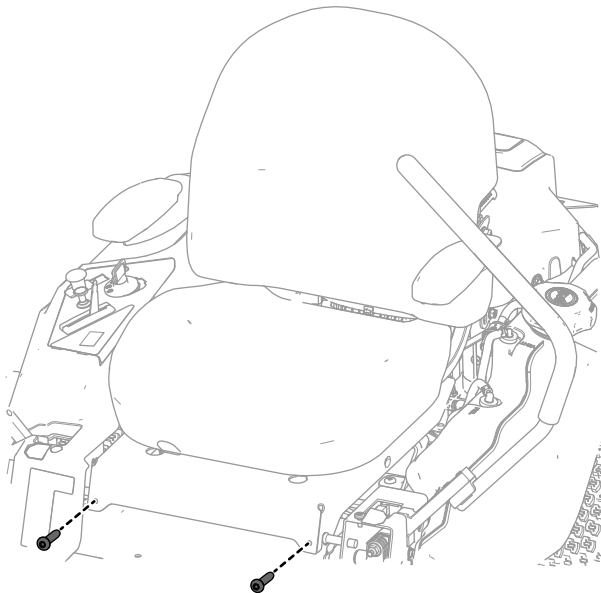

Figure 5

g308748

2. Slide the seat back onto the seat-base posts and align the holes (Figure 6).
3. Secure the seat back using 2 bolts (5/16 x 1-1/2 inches) and 2 nuts (5/16 inch); refer to Figure 6. Torque the bolts to 24 N·m (18 ft-lb).

**Note:** Insert the bolts from back to front. You may need to shift the seat fabric to install the nuts.

1. Seat back
2. Bolts and nuts

4. Tilt the seat assembly up.
5. Connect the seat switch (Figure 7).

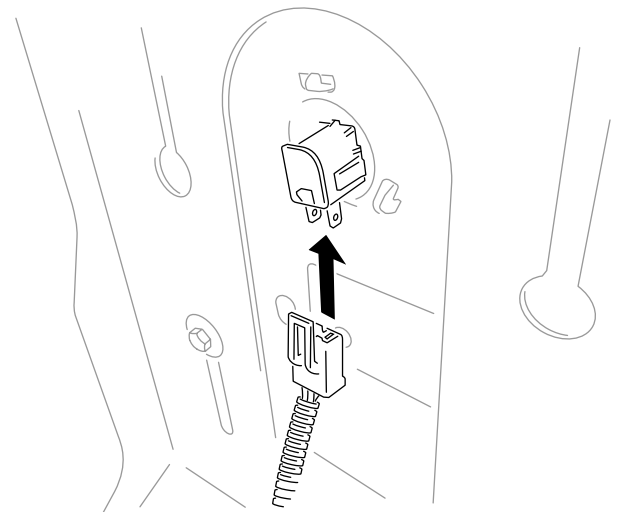

Figure 7

g308749

6. Tilt the seat back partway.
7. Attach the seat-tilt cable from inside the seat pan (Figure 8).

# Product Overview

## Controls

### Fore/Aft Adjustment Lever

The seat can move forward and backward. Position the seat where you have the best control of the machine and are most comfortable (Figure 9).

## Testing the Safety-Interlock System

No Parts Required

### Procedure

#### ⚠ CAUTION

If safety interlock switches are disconnected or damaged the machine could operate unexpectedly causing personal injury.

- Do not tamper with the interlock switches.
- Check the operation of the interlock switches daily and replace any damaged switches before operating the machine.

Refer to your *Operator's Manual* for the correct procedure to check the safety-interlock system.

Test the safety-interlock system before you use the machine each time. If the safety system does not operate as described in your *Operator's Manual*, have an Authorized Service Dealer repair the safety system immediately.
