### Kohler Engine Repower Kit Information

**Model Number:**

04345, 04350, 08870, 08875,  
08880, 08882, **08883\***, 07071,  
07073, 07050

**Serial Numbers:**

00000-99999

**Subject: Optional Kohler Engine Repower Kit information for Toro Commercial Product (pre-C.A.R.B. certified applications).**

Complete engine assemblies for the above products are no longer available from Kohler due to federal regulations. While service parts are still available to repair existing engines, Kohler has announced optional Repower Kits for service repairs.

\* **Sand Pro 3000** model 08883 requires additional extensive adjustments of existing components to allow function of this Repower Kit and is NOT recommended for this application. Contact your Kohler Distributor for more information on updates and future kits.
