2. Dampen the area with water or mildly soapy water.
3. Peel the decal from the backing and install it in place.
4. Squeegee across the surface of the decal, starting at the center of the decal and working toward the edges, using overlapping strokes.

Installing the Sound Decal on the Mower Deck

Note: Refer to the tables for the specific decal and location to put on the correct mower deck. The 105 dB decal goes on the 132cm mower and the 100 dB decal goes on the 107cm mower.
